## What's New In Drizzle?

Drizzle is a small and easy to use application that will help you create HTML web pages and websites. This allows all HTML code to be entered and it also gives you all the information you need to publishing the website / webpage on a free or paid domain! Drizzle is a HTML editor application. This means that you can edit all of the pages of a website / webpage from within Drizzle. You can add menus, navigation, and use the HTML editing tools found in Drizzle to create any type of website that you can imagine! Drizzle Features: 1. Drizzle is fast! Drizzle was built with speed in mind. 2. Drizzle is feature rich. Drizzle has everything you need to create a powerful website / webpage. 3. Drizzle is a website / webpage creation application. You can use Drizzle to create any type of website or website / webpage. 4. Drizzle is easy to use! Drizzle is so easy to use, you'll be amazed at how fast you learn to build your website / webpage. 5. The Drizzle designer works great! Once you get used to the designer, you'll find that it's very easy to use and a lot faster than writing HTML code directly. Installation of Drizzle Drizzle is easy to install. Before the installation you need to sign up for an account on our website. After creating your account you need to go to Settings and sign in. Then you need to click on: "Install a new app". This will open your browser and navigate you to our website. You'll need to add the address of our website to your bookmarks. Then go back to the Drizzle application and click on the "Install" button. You need to navigate to the following web address and click on the install button The application will then download and install as a temporary application and will download an app icon. Drizzle Information Drizzle is a Windows based application. You'll need to have a Windows operating system on your computer to use Drizzle. You can use Windows XP, Windows Vista, or Windows 7. Windows 8 and Windows 10 are not supported. Drizzle will install on the hard drive or on a flash drive. I've created a zip file of the Drizzle application that you can find here: After installing Drizzle, you'll notice that when you sign into your account
